"WHAT YOU SHOULD KNOW ABOUT YOUR CITY"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

Bloomfield Chamber of Commerce

BLOOMFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrange-
ment of householders, places of business and street intersections. (Arranged by rotation where no numbers have
been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the can-
vass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that
the house is owned by some member of the family, but as the publisher's cannot and do not guarantee the correctness of
the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor
can the publishers furnish further information than that shown.

Advertisers Who KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The advertisers in the Directory are competent judges on the subject of advertising mediums — the fact that they approve of Directory advertising is evidenced by their continued patronage.

The Mortality of Advertising

The waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time

Eve-catching Advertising caters to
a chance trade, whose eyes are
wandering.

Businesslike Advertising puts its dis-
play where it will be seen by those
Looking for the message it bears.

IF YOU WANT TO KNOW

The meaning of a word, **Where Do
You Look? In the Dictionary.**

Who sells what you want to buy,
IN THE DIRECTORY.

A directory is **On The Job 365 Days**
in the year, and he who looks there-
in does so because he

WANTS SOMETHING.

Advertising—that is perpetual in mediums that have a permanent value.

Advertising—that protects and supplements all other forms of advertising that create desire.

Advertising—that directs the buyer when the need is imperative after the desire has been created.

Advertising—that by its permanence establishes confidence and stability.

Advertising—by which tomorrow's success is built on today's action.
